Vorwort

Das fünfte Generalregister der BSIM erscheint nach Herausgabe des »Jubiläumsbandes« Jahrgang 50. Die im Vorwort zum letzten Generalregister 2010 zusammengetragenen Anmerkungen zu Zitierweise und Typographie behalten ihre Gültigkeit. Die Einträge dieses ein Jahrzehnt umfassenden Registers geben forschungsgeschichtliche und publizistische Aspekte in solcher Weise zu erkennen, dass sie ihrerseits Anlässe zu mythologischen, symbolkundlichen und/oder ikonographischen Studien bieten könnten. Schließlich schlagen sich die Entwicklungen in den Geistes- und Kulturwissenschaften mittelbar auch in einer Bibliographie nieder.

So ist die zunehmende Differenzierung bildspezifischer Begriffe eine Folge der schon im letzten Generalregister angesprochenen Bedeutung der sogenannten Bildwissenschaften. Deutlich stärker werden Film, Fotografie und Werbung in den bibliographischen Angaben und Besprechungen gewichtet. Und schließlich ist eine wesentliche Steigerung solcher Einträge zu konstatieren, die sich auf die »Moderne«, das 19. oder 20. Jahrhundert oder auf Themen wie Fernsehen und Kino beziehen. Die zahlreichen Arbeiten zu traditionellen Themenbereichen wie klassische »Antike« oder »Religions-« und »Kunstwissenschaften« werden flankiert von solchen zu asiatischen oder amerikanischen Regionen, auch wenn wir uns darüber im Klaren sind, dass die außereuropäischen »Welten« bislang noch eher stiefmütterlich behandelt werden. Selbstverständlich ist ein Referateorgan wie dieses immer auch ein Spiegel der Arbeitsfelder und Interessen seiner Herausgeber und Beiträger. Und so sehr daher auch die Rezensionen und Angaben zu musikwissenschaftlichen bzw. archäologischen Büchern zu begrüßen sind, wäre doch eine stärkere Berücksichtigung quasi exotischer und zeitgenössischer Erscheinungsformen der Symbolik, Ikonographie und Mythologie zu wünschen, da deren Wirkungen in gesellschaftlichen – gerade auch politischen – Zusammenhängen keineswegs nachgelassen haben. Den mit unermüdlichem Fleiß zusammengetragenen bibliographischen Verweisen stehen Besprechungen gegenüber, die zweifellos subjektiv gehalten sind, damit aber auch zu einem Unterhaltungswert beitragen, den man in Zeiten schneller Informationen durch das Internet mit seinen Suchfunktionen begrüßen mag – so jedenfalls unsere Hoffnung.

Seit dem Jahrgang 45/2012 gibt es zur genaueren Recherche ein »Autoren- und Namenregister«.

Zu danken ist den bewährten Beiträgern, die mit ihren Hinweisen, Besprechungen und Aufsätzen ein Werk wie dieses erst möglich machen. Kaum hinreichend würdigen kann man die Sorgfalt und das persönliche Interesse des Verlegers Tobias Koerner, der ganz im Sinne seines Vaters am Projekt BSIM festhält und dieses mit großem Engagement unterstützt.
